Dear Lt. Ciuffetelli,

Attached please find a copy of a complaint against LAPD Detective Kris Tu this morning with the City Ethics Commission. It involves, among other improper actions, a number of instances of Tu either lying or tolerating lying by Thanh Su, Tu's subordinate. I am not familiar enough with LAPD's standards and rules to identify precisely what kind of misconduct this constitutes, but it clearly constitutes some kind. I am sending the complaint to you so LAPD can identify and investigate LAPD-specific violations.

Thank you for your time, and please feel free to contact me for more information or if I can assist you in any other way in regard to this matter.
